

OUR TOWN

Vol. XIII, Number 29

Narberth, Pa., Saturday, April 23, 1927

PRICE THREE CENTS

PLACE NO BAN ON FABRICATED FACES

Women Seek More Information Before Asking Council to Ban Minstrels.

KELLY STATES VIEWS

The furore which followed the announcement that St. Margaret's Minstrels were about to proclaim a personal issue of the lavish expenditures which are being made for beauty concoctions and plastic surgery has subsided until the women ascertain the extent of the revelations which are to come forth, and the request to Borough Council to put a ban on the performance has been withdrawn temporarily.

In discussing the matter with Our Town, one of the members of the Ladies' Committee which had been formed to cope with the situation stated that while there was no intent to deny some of the allegations which had been made, the fact remained that the vogue did not assume its present formidable proportions until the women started to patronize barber shops and there learned more than they ever knew before. For instance, it was pointed out, this thing called Boncilla, now so commonly employed, was first presented to the men as a barrier to departing youth and was in wide use, it is said, by the masculine fraternity long before the ladies ever heard a word about it.

"Now," said Our Town's informant, "the women generally know a good thing when they see it, despite the husbands some of us have, and very naturally we soon adopted this mud and many of the other things the men were using. If we are to be condemned, we want the full facts of the case reviewed, and it is altogether unfair for these minstrels to publish our shortcomings without giving us the opportunity to submit testimony as to what brought it all about. You can be very sure that our organization will be strongly represented at the performances and the audiences may look for something to happen that won't be mentioned in the program."

Submitting the woman's viewpoint to Mr. John J. Kelly, the minstrel who is said to be chiefly interested in the proposed reforms, it was learned that the production has a philosophical scope which was not

DAYLIGHT SAVING

Summer Schedules Go Into Effect This Week-End.

Beginning Monday, April 25, the Main Line banks will operate on a daylight saving schedule in accordance with a notice sent out to the members of the Federal Reserve system recently. The revised railroad schedules have been prepared and business men generally will conform to the summer time.

The notice sent out by the Merion Title and Trust Company reads as follows: "Beginning Monday, April 25, the Merion Title and Trust Company will operate under daylight saving schedule. The company will be open from 8 A. M. Daylight Saving Time (7 A. M. Standard Time) to 9 P. M. Daylight Saving Time (8 P. M. Standard Time) and on Saturday from 8 A. M. Daylight Saving Time (7 A. M. Standard Time) to 12 M. Daylight Saving Time (11 A. M. Standard Time) and from 5:30 P. M. Daylight Saving Time (4:30 P. M. Standard Time) to 9:30 P. M. Daylight Saving Time (8:30 P. M. Standard Time)."

TENNIS CLUB NOTES

We have welcome news for the club members. We expect to have all courts in shape for playing today, Saturday, April 23. Last week-end a couple of the courts were in playable condition and a few of the notables were on hand to start the season. We have already received several applications for senior membership and the committee hopes to turn in quite a few before the season gets far along. Present members can help by drumming up trade for the committee. If each member turns in one new application we'll be tickled to death.

An opening for the public will be held April 30 and May 1, Saturday and Sunday. Bring out your friends to see the club and play tennis.

RAID POOL ROOM AS CULMINATION OF MANY COMPLAINTS TO POLICE

Representatives of Law Make Official Visit to Place on Narberth Avenue. Several Are Fined.

The long arm of the law in the form of a group of Lower Merion policemen stepped into Narberth last Thursday night and raided one of the town's two pool rooms.

The place run under the name of Narberth Pool Room, at 105 Narberth avenue, was the scene of the raid, following many complaints by neighbors of nocturnal disturbances.

A number of the steady customers, together with the proprietor, "Nick" Venditti, were taken into custody, and Magistrate Fred Walzer assessed fines of \$10 and costs against members of the group under the charge of disorderly conduct.

Thursday's raid came as the culmination of numerous threats by the authorities to take vigorous steps to secure peace for those living near the place. Charges of fighting, drinking, gambling and obscene language by residents of the neighborhood have not been pressed, as the informants refused to have their names used when the cases should come up.

Matters came to a head the previous week when on Friday complaints were made of a free-for-all fight in front of the resort. Saturday the reports said that some of the more hilarious youths had at-

tempted to engage in battle with people passing by.

The deluge of complaints received by Burgess Henry A. Fry led him to make a quick phone call to headquarters at Ardmore in which he reminded the police that they had had the case in hand for many weeks without taking action.

An officer in plain clothes assigned to watch the place, it developed, had been recognized and had failed to produce evidence of any violation of the liquor or gambling laws. But the new complaints led the authorities to organize a raid for last week.

Lieutenants Miller and Mullin and Sergeant Wintz led the raid, which took place about 9:30. They found considerable disturbance getting under way, and based the charges of disorderly conduct on this.

A closing ordinance may be introduced into Council in order to establish a check over Narberth's two pool rooms.

Further efforts towards law enforcement were made Sunday when two well-known young Narberth men were arrested, much under the weather and in a fighting mood. Both were fined by Magistrate Kromer.

BOY SCOUTS POSTPONE MINSTREL PERFORMANCE

Secure New Coach, and Plan May 20 and 21 as New Dates.

The Boy Scout Minstrels, scheduled for last night and tonight, had to be postponed owing to the inability of the professional coach to undertake the work.

"Dick" Farrand, of Philadelphia, who has met with such wonderful success with his "Pennsylvania Railroad Entertainers" in their dining car episode, has now been secured to assist the scouts in the presentation of their annual affair.

May 20 and 21 are the new dates. The entertainment on Saturday, the 21st, will be followed with dancing until midnight. The minstrel show will start at 8 o'clock, when the curtain will rise and "the show will be on," until 10 o'clock.

At a meeting with the scoutmaster, B. J. Cook, and members of the executive board in the Cabin on Wednesday evening a definite program was laid out. This will include instrumental and vocal numbers, in addition to a first-class minstrel show.

At last night's meeting of the scouts the interlocutor and his four "end men" were selected. The "circle" will consist of 16 Boy Scouts. They will be supported in the chorus by the entire membership of the troop.

A supply of tickets is being printed. These will be distributed to the scouts at their meeting on May 6. The proceeds of the entertainment will provide funds with which to send the boys to Camp Delmont for a week. Each scout will be expected to sell 14 tickets in order to be entitled to the week in camp.

Elm Hall has been engaged for May 20 and 21 for the exclusive use of the scouts for their minstrel show and dance.

ACKNOWLEDGE AID

Contributions to Scouts Arrive. Half Fund Received.

Acknowledgment is made through the columns of Our Town of contributions received to the Boy Scout fund for 1927 from the following persons.

Lewis Wood Easby, F. W. Cortwright, W. Hunter Boardman, Jr., G. A. Morhard, A. Leslie Lambert, Ralph S. Dunne, Ellen S. Brinton, H. L. Parks, George B. Suplee, Alfred Y. Reinking, J. Wallace Goodwin.

William Hoyt Coleman, Jas. C. Keenan, Robert F. Wood, R. O. Sperry, Eugene H. Davis, W. A. Quick, H. C. Fenno, M. A. Toomey and A. W. Burns.

To date, practically one-half of the required amount of money has been received.

COMMUNITY CLUB WILL ELECT OFFICERS

Annual Election Will Take Place at Meeting Tuesday.

The Women's Community Club will hold its annual election of officers on Tuesday, April 26, at 2:30 P. M. in Elm Hall. This is one of the most important meetings of the season, since on its action depends so much of the success of another year. All members are urged to consider voting a duty as well as a right.

The program will be given entirely by the women of the club. There will be papers on "What the Women's Community Club of Narberth Has Done" and "The Ideals of a Woman's Club" and a skit called "Our Officers—As We See Them."

The date of the spring luncheon is set for Tuesday, May 10. Please make note of the day, as no calendar for May is to be issued.

GIVE MUSICAL TEA

Needlework Guild Plans Fine Program Next Thursday.

The Narberth Branch of the Needlework Guild has planned a very fine program for a musical tea to be held Thursday, April 28, at the home of Mrs. Francis Keim, 207 North Narberth avenue, at 2 P. M.

A silver offering which will be used for materials for the work of the branch will be taken at the door. Refreshments will be served. It is hoped many of the women of the town, whether members or not, will plan to be there.

Home-baked pies, cakes and "goodies" will be on sale under the chairmanship of Mrs. Frank Hewitt.

ISSUE 2000th LICENSE

More than 1900 persons were eligible to go trout fishing on Friday, the opening day for the sport. Over the week-end 100 licenses were issued.

BOYS' CLUB FORMS BASEBALL TEAM

Will Hold Movie Benefit in Ardmore Next Week.

WIN THE FIRST GAME

The Nar-Mer Boys' Club has just recently assumed a place among our various community organizations. The object of the club is to promote athletic games, and it has already developed a baseball nine.

The team staged its initial contest on Thursday, the 14th, when it met the Cynwyd Club on the "home grounds" and sent them down to defeat by a score of 18 to 0.

The following officers have been elected: President, Franklin Maxwell; Vice President, Harry Frazer; Secretary and Treasurer, Seaver Rose; manager of baseball team, Arthur Burns, Jr.; captain of the team, Robert Odiorne. The players themselves are: Troutman, Thompson, Frazer, Rose Bottoms, Wilson, Tucker, Maxwell, Burns, Hopkins, Odiorne, Brown and Nixon.

An application has been made to the authorities of the Lower Merion Schools for permission to use the grounds of the Merion School, which are adjacent to Narberth's south side, for the "home grounds."

The Nar-Mer Boys' Club will stage a movie benefit at the Ardmore Theatre on Tuesday, the 26th, of this month. The feature on that date will be "The Sorrows of Satan," Adolphe Menjou, who will be supported by a fine cast. An uproarious comedy and the usual news events will complete the program.

George Hopkins, 101 Merion avenue, Narberth, is chairman of the Subscription Committee. The proceeds of this enterprise are to be used for the purchase of uniforms for the baseball team.

Boost the home boys' team!

D. A. R. ELECTS

Delegates to This Week's Congress Chosen in Narberth.

Delegates to be thirty-sixth Continental Congress of the Daughters of the American Revolution, held in Washington from April 18 to April 23, were elected at a regular meeting of the Dr. Benjamin Rush Chapter held April 9 at the home of Mrs. John C. Nash, 80 Wyndale road. Mrs. Samuel Z. Shope, regent, presided.

The delegates chosen were Mrs. H. M. Chalfant, regent delegate; Mrs. C. M. Irwin, regent alternate; Mrs. Joseph Aiken, Mrs. J. Dothard, Mrs. Hugh Martin and Mrs. Joseph Miller, alternates.

SEVERAL RAIDS

Alleged Bootleggers Caught in Saturday Round-Up.

Small fry bootleggers and operators of blind pigs were cleaned up Saturday night in a series of raids by the Lower Merion police along the Main Line. The establishments raided and in which alleged intoxicating liquors were found were Suzanne Woods, 1065 Floyd Terrace, Bryn Mawr; Antony Garnic, Flat Rock road, West Manayunk; Earl Stalker, 941 Lancaster avenue, Bryn Mawr, and Sam Pantell, 1026 Lancaster avenue, Bryn Mawr.

Given hearings before Squire Kromer in the police court at Ardmore, all the defendants were held for further hearings scheduled for tonight. Final action was post-

MERCHANTS TO MEET

The Narberth Board of Trade will gather Monday night at the Brynwood Manor Inn for its April meeting.

Robert H. Durbin, sales manager of the Strawbridge and Clothier store and one of Narberth's oldest and best known citizens, will be the speaker.

The officers have worked out a program with a good balance between business and pleasure, in the hope that the growing attendance which has marked each meeting will be continued.

MAIN LINE LEAGUE OPENS NEXT MONTH

Double Headers Are Planned for Fourth of July and Labor Day.

TO PLAY SIXTY GAMES

With the compilation of the baseball schedule for the Main Line League this week but few other details remain to be worked out before the season is actually under way. According to President Mosteller's plans sixty games will be played during the period from May 21 to September 3, the openers being Narberth at Wayne, Gladwyn at Berwyn and Garrett Hill at Paoli.

Double headers are scheduled for July 4 and for Labor day. The second half of the series opens on July 14 with Gladwyn playing at Narberth, Garrett Hill at Wayne and Paoli at Berwyn.

The schedule as announced follows:

First Half.

May 21—Narberth at Wayne, Gladwyn at Berwyn, Garrett Hill at Paoli.

May 28—Paoli at Narberth, Berwyn at Garrett Hill, Wayne at Gladwyn.

May 30—Gladwyn at Narberth, Garrett Hill at Berwyn, Paoli at Wayne.

June 4—Narberth at Gladwyn, Wayne at Garrett Hill, Berwyn at Paoli.

SHOWS LOCOMOTIVE MODEL

P. H. Egolf Lectures to Haverford Scientific Society Tuesday.

A lecture on building mechanical models, illustrated with an eight-foot working model of a civil war locomotive which "ran" on Broadway, New York, last year to advertise Buster Keaton in "The General," was delivered before the Scientific Society Tuesday evening by Paul Hewlett Egolf, of Narberth, publicist, inventor and scale-model manufacturer.

Mr. Egolf is considered to be a mechanical genius, having made models of locomotives for the Baldwin Locomotive Works for display at the Brazilian Exposition as well as various mechanical devices for steam engines, phonographs and electric motors.

The model demonstrated Tuesday evening was brought from his home at Woodside and Maple avenues on the Haverford College truck. It is so designed that the locomotive stands still, while the wheels go round and the track and scenery all move past.

WOLF TALKS ON BIRDS

Edwin T. Wolf, Jr., a student at the University of Pennsylvania, entertained the Boy Scouts recently in the Cabin by an illustrated talk on birds and bird life. He secured from the university, as well as the Commercial Museum, a large number of lantern slides showing a score or more varieties of birds to be found in the vicinity of Narberth.

His talk was instructive as well as entertaining. Many of the scouts who had not yet passed their "scout test" on the subject gained a vast amount of valuable information from what he had to say.

The meeting was attended by 34 scouts, six visitors and three fathers.

TALKS ABOUT GUEST

Edgar Guest and his poems were the subject of a lecture delivered by Rev. William J. Downing, of Chester, to the Goodfellowship Club of the Narberth Methodist Episcopal Church at its first ladies' night, Thursday evening, at the church.

A light musical program preceded and followed the lecture. Refreshments were served. A moderately large and appreciative audience found the evening a good opportunity to become acquainted.

MEN WANTED TO AID SCOUTS IN CAMPING

Enlarged Activities Make Additional Assistance Necessary.

57 BOYS IN TROOPS

The Troop Committee of the Boy Scouts are faced with the problem of securing assistance in handling the work incident to the enlarged activities of the troop of boys, now numbering fifty-seven.

Two special features affecting the real life of the scout movement are the passing of tests on scouting, and taking charge of the week-end camp, for which a site on the Pennhurst Farms has already been secured.

The executive officers of the scout organization are using "Our Town" as a medium through which to enlist the services of any man in Narberth who is willing to devote a few hours of work a week in the interest of the boys of the borough. This will be in the nature of supervisory work, under the direction of Ben. J. Cook, scoutmaster.

In order to carry through the week-end camping schedule, it will be necessary to have at least one, or possibly two men to accompany the boys on each trip. The work of these men while there will likewise be in a supervisory capacity, to say nothing of the pleasure and health to be derived from camping out under canvas, two days at a time.

It is planned to carry on this feature during the summer months. Any man who can spare a Saturday forenoon from his work will find this a novel and inspiring feature. If he will communicate with Ben. J. Cook, scoutmaster; E. P. Dold, President of the Fathers' Association, or C. M. Little, Chairman of the Troop Committee, in care of "The Cabin," Elmwood and Essex avenues, more complete and definite information will be furnished.

Ten or a dozen volunteer men of the borough are urgently needed by the boys. Anyone interested in camping and woodcraft, or scouting in all of its various phases, will be admirably fitted to assist those who are at present devoting their time to it.

BOWL LEAGUE ANNOUNCES

Winners of First and Second Half Are Lions and Lions.

Having won the first and second halves of the 1926-1927 bowling season, the Lutheran Lions are entitled to hold the team championship cup for one year. The cup was engraved with the name of the new champions and will be transferred from the Methodists to Lutherans with due ceremonies.

The second prize, representing the highest individual average for the full season, was won by C. M. Little, captain of the Presbyterian Pilots. This average was 171.4.

The third and fourth prizes were won by H. T. Smedley, captain of the Baptist Battlers, for highest individual score for three games in one match—587 pins, and highest individual score in one game—243 pins.

The game scheduled for April 1 between the Presbyterian Pilots and Pep Boys has been forfeited to the Pep Boys.

The final standing of the teams is as follows:

	W. L. PC
Lutheran Lions	19 2 953
Methodist Meteors	15 6 714
Presbyterian Pilots	13 8 619
Baptist Battlers	11 10 524
Methodist Marathons	8 13 381
Pres. Pep Boys	8 13 381
Baptist Boosters	7 14 333
Methodist Mules	3 18 143

D. A. R. PLANT TREE

Ceremony at Playground This Afternoon.

There will be a spruce planted on the Narberth Community grounds today at 2:30 P. M., under the auspices of the Dr. Benjamin Rush Chapter, Daughters of the American Revolution.

Burgess Henry A. Frye and Mrs. Samuel Z. Shope, Regent of the Dr. Benjamin Rush Chapter, D. A. R., will be the speakers. Boy Scouts and Girl Scouts will take part. Miss Edith Hewitt will have charge of the exercises.

Spring Arrives Camouflaged as Summer. Sets Up New Heat Record

Spring arrived with the ice man Wednesday, hotly pursued by summer. Twenty degrees above normal soared the thermometer, to total for the Main Line of 89 degrees, the hottest on record, so says Charles Decker, Lower Merion weather man. So said everyone at 3 P. M. Wednesday when the mercury reached the peak of its climb.

The temperature for the week ending Tuesday night varied from 72 to 28 degrees, or rather, from 28 to 72 degrees. The barometer

remained low at 30.00, high at 30.55.

Precipitation was .19 of an inch. Since April 1 the total rainfall measured just .70 of an inch.

According to the weather man, the temperatures approached closer to the normal during the week ending Tuesday night, while Wednesday's record ate up considerable of the 48-degree temperature deficiency existing since April 1.

Meanwhile a marked deficiency in rainfall continues to retard vegetation, Mr. Decker concludes his report dryly.

Kiwanis News

A very successful meeting of the Main Line Kiwanis Club was held at the Casa Del Rey on Tuesday, April 19, the meeting being called to order by President Meredith at 6.30 P. M. Among the guests present were Robert C. Winthrop, of Haverford, and John S. Hemphill, Jr., of Ardmore. The attendance prize was presented by President Meredith and won by Thomas E. Barker, of Ardmore.

During the course of the meeting announcement was made of the meeting of the Philadelphia Kiwanis Club to be held on April 20 at the Bellevue-Stratford Hotel in Philadelphia, at which time International President Ralph A. Amerman and various representatives of the international body are to be guests of the Philadelphia Club. A large number of the members signified their intention of being present at that meeting.

District Trustee Joseph Cairns, Jr., announced a meeting to be held at Norristown on May 3 at 1.30 P. M., the meeting to be in the form of a conference for the Southeastern division of the Pennsylvania district, of which Jacob C. Fisher, of Norristown, is lieutenant governor. It is to be joined in by all of the officers and committee chairmen of the clubs in the Southeastern division, and is to be held at the Valley Forge Hotel at Norristown.

Immediately following the meeting there will be held a joint meeting of the Main Line Kiwanis Club and the Norristown Kiwanis Club, which will be held at the Valley Forge Hotel at Norristown and will be attended by the greater number of the officers and the committee chairmen of all of the clubs of the division, which will be addressed by J. Hayden Oliver, governor of the Pennsylvania district.

Harry E. Johnson, who is chairman of the Program Committee of the Main Line Kiwanis Club, delivered a very able and interesting talk on the question of Life Insurance Trusts, which are being encouraged by Kiwanis International.

Douglas Duran was appointed chairman of a committee to plant a tree in one of the Main Line communities during International Forestry Week, which will be celebrated next week.

John C. Taney was appointed chairman of a committee to assist the Automobile Company together with the Rotary Club of Ardmore and the Boy Scouts in leading groups of boys on visits to various industrial plants of this neighborhood, the visit to take place on Saturday morning, May 7.

During the course of the meeting Murdock P. Clancy announced that plans for the International Convention at Memphis were progressing rapidly.

Two delegates from each of the 1645 Kiwanis clubs in the United States and Canada, together with 2000 visitors, will bring over 5000 guests to that city for the eleventh annual convention of Kiwanis International June 6-9.

Registration of delegates and the visitors and the assignments of hotel accommodations are already under way at the convention office there to assure excellent facilities for the thousands of guests.

The Memphis auditorium, which has been the meeting place of the South's largest conventions, will be used for the Kiwanis sessions. The broadcasting of "All-Kiwanis Night" on Monday evening, June 6, from Memphis will be an international event. All clubs on the North American continent will meet in their respective cities at the same time as the opening session of the convention in Memphis. This simultaneous occasion will be for the expression of the united good-will and friendship existing between the United States and Canada for over 100 years.

The convention program is also being arranged to include features of the Old South. "Memphis Night" will depict for the Kiwanian visitors the scenes of the Southland of many years ago.

In administering aid to an underprivileged boy, Kiwanis International through its 100,000 members in the United States and Canada, takes in many factors of mental, moral, spiritual and physical development, reports Edwin E. Ellis, of Buffalo, N. Y., chairman of the underprivileged child committee for Kiwanis.

"What we decide is the degree of actual need of the boy," says Mr. Ellis. "After that is determined his general worthiness, and the capacity and inclination to take opportunities given him."

However, a Kiwanian's responsibility does not end with just helping a boy; he becomes a trustee of the boy's success. Stressing parental supervision is of prime importance, believes Mr. Ellis.

"Boys who have lost their fathers, or both parents, offer Kiwanians a chance to give assistance. When a member becomes a 'Big Brother' to some boy he has a program already prepared for him. The Kiwanian sees to it that his boy visits a doctor and dentist twice each year. Visits are also made to an optician or optometrist. The boy is secured a membership in the Boy Scouts, Y. M. C. A. or similar organization. Attendance at church or Sunday School is urged, and the Kiwanian visits the boy's minister, priest or teacher, asking the churchman to take a personal interest in the youth. Personal visits are made to the home of the boy each month. The school report card is carefully studied each month and an effort is made to have the boy become interested in good books. During the summer a two-week vacation at some camp is secured.

"All these personal helps give an underprivileged youth those opportunities to fit himself for the future," assures Mr. Ellis. "Kiwanis International is now helping thousands of boys, and the work is constantly increasing."

Be sure to turn your clock and watch ahead one hour Saturday night.

FOWLER TALKS

Of Banking at Rotary Club—Woolman on for Next Week.

William Fowler, manager of the Narberth branch of the Merion Title, was the speaker at the weekly luncheon of the Bala-Cynwyd-Narberth Rotary Club Tuesday. He told of "Experiences in Banking."

The talk was a part of the Rotary program which calls for each member to tell of himself and his activities. Mr. Fowler started off by confessing to being born in Upper Darby but after he had told of his long association with the Main Line it was decided that this should not be held against him.

Visitors who took part in the fun were George Barnes, of the Philadelphia Rotary, and Wesley Long and John Albrecht, of the Ardmore Club.

Next Tuesday the Balcynar Rotarians will give a program in celebration of American Forestry Week. Edward Woolman, manager of the Highland Dairies, will be the principal speaker.

Club members are now making plans to attend the Fiftieth District Conference, which is to be held in Easton on May 3.

WILL GIVE LECTURE

A free lecture on Christian Science will be given by Frank Bell, C. S. B., of Philadelphia, in the Ardmore Theater Sunday afternoon, May 1, at 3.30 o'clock, daylight saving time. Mr. Bell is a member of the board of lecture-ship of the Mother Church, the First Church of Christ, Scientist, in Boston, Mass.

RECITAL

A Beethoven-Brahms recital will be given in Roberts Hall, Haverford College, on April 26 at 8.15 P. M. by Alfred J. Swan and Fritz Ruediger. The program, consisting of sonatas for cello and piano, will be opened by a lecture on Beethoven by Mr. Swan.

SPECIAL SPRING OFFER

To KNOW automatic gas hot water service is to PREFER it.

So YOU may know it, we offer:

If you buy a Hotzone Automatic Gas Water Heater before April 30---

\$5 for the old water heater you trade in,

Then---

\$5 down payment

And---

\$5 a month for 17 months

(or 10% off the \$95 price if paid in 30 days)

Grasp this opportunity now and bid a glad farewell to water heating troubles.

President Coolidge Proclaims American Forest Week April 24-30

The week of April 24-30 has been officially designated for nation-wide observance as "American Forest Week" by President Coolidge, in a proclamation made public by the United States Department of Agriculture.

This year will mark the seventh annual observance of the week, President Harding in 1921 having issued the first proclamation which brought the Federal Government behind the movement. Of the numerous weeks observed in the country, this is the only one to which the Government of the United States has given recognition and support.

The President proclaimed in 1927 American Forest Week "in the belief that no other of our internal problems is of greater moment than the rehabilitation of our forests, now so hopefully begun but needing the strong support of our collective will and intelligence." He emphasized the importance of farm forestry as a means for lessening agricultural surpluses and meeting the problem of agricultural overproduction, and the resulting depression in the farming industry. Regarding the part forestry might play in farm relief the President said:

"One-fourth of our soil is better suited to timber-growing than anything else. I cannot escape the conviction that our industrial and agricultural stability will be strengthened by bringing into full productive use this great empire of land. Although much progress has been made in public forestry and hopeful beginnings in private forestry, we still have a vast aggregate of idle or semi-idle forest land, and another large aggregate of poor farm land that might more profitably grow timber instead of adding to the problem of agricultural overproduction."

Agriculture would find in timber-growing a strong ally, the President said, providing markets for farm produce and for surplus labor.

American Forest Week this year will assume an international scope through the fact that Canada will observe forest week at the same time. Through the Department of State, the Mexican Government also has been invited to participate in this year's campaign for the protection, perpetuation and right use of the forests.

In making public the President's proclamation, Secretary of Agriculture J. H. C. Ladd pointed out that special significance is attached to the observance of the week in 1927 in view of the disastrous fire season through which the country passed last summer and of the need for bringing home to the people of the nation the necessity for adequate protection of the forests. Co-operation between the Federal Government and the States under the Clarke-McNary act has just got into full swing as well, he said, and 41 States and the territories of Hawaii and Porto Rico are now co-operating with the Government in the forest protection and reforestation activities for which the law provides. Thirty States have appointed extension foresters and are co-operating with the Government in assisting farmers in the handling of their woodlands.

The week will be directed by an American Forest Week committee, of which Frank O. Lowden, of Illinois, is chairman. Nearly 100 organizations, representing a wide variety of interests, are co-operating, among them associations representing outdoor, wild life and recreational interests, foresters and forestry associations, the lumber industry, consumers of forest products, labor, scientific, civic and women's organizations, as well as the State and Federal Governments. The American Federation of Labor, the Farm Bureau Federation, the National Grange, the American Legion, the American Newspaper Publishers' Association, the Boy Scouts and Camp Fire Girls, the National Lumber Manufacturers' Association, General Federation of Women's Clubs, Young Women's Christian Association, National Catholic Welfare Conference, the Daughters of the American Revolution and the Motion Picture Theater Owners of America are included among the co-operating organizations. Local Forest Week committees are being organized in every State.

The full text of the President's proclamation follows:

"In accordance with the custom established by my predecessor, I have yearly proclaimed an American Forest Week. I do so again in the belief that no other of our internal problems is of greater moment than the rehabilitation of our forests, now so hopefully begun but needing the strong support of our collective will and intelligence."

Through joint arrangement, Canada is observing Forest Week concurrently with us.

"One-fourth of our soil is better suited to timber-growing than anything else. I cannot escape the conviction that our industrial and agricultural stability will be strengthened by bringing into full productive use this great empire of land. Although much progress has been made in public forestry and hopeful beginnings in private forestry, we still have a vast aggregate of idle or semi-idle forest land, and another large aggregate of poor farm land that might more profitably grow timber instead of adding to the problem of agricultural overproduction."

"Consider what blessings the use of this land for intensive forest culture would bring to our country. Our migratory forest industries would be stabilized and made permanent. Rural industry would be greatly strengthened and vitalized. Agriculture would find in silviculture a strong ally, providing markets for farm produce and for surplus labor. Our farms themselves contain nearly a third of our woodland—an enormous potential farm asset if handled for continuous timber crops. With widespread forest culture, new wealth would spring up for the support of roads, schools and local government, and the rural regions would enjoy a larger share of the national prosperity. For some of our surplus capital now seeking investment abroad, new outlets would be found in forest production. Our people would then have an assured supply of timber and would see the hills and the waste places reclothed with forests for their pleasure and inspiration."

"American Forest Week gives a useful opportunity for taking counsel on use. It also gives an opportunity for each citizen to consider his own responsibility in the common task. It is not enough that the Federal and State Governments have joined hands with the landowner in the first step toward forest rehabilitation, protection against fire. Every citizen whose thoughtless act may endanger the woods has the obligation of respecting the forest and guarding it from its worst enemy, fire."

"Now, Therefore, I, Calvin Coolidge, what can and should be done to bring these neglected and waiting lands into President of the United States, do hereby designate and set aside an American Forest Week the week beginning April 24 and ending April 30, in this year of 1927; and I do earnestly urge that during that week the thought of all citizens be directed to the need of preventing forest fires and to the measures necessary for the preservation and wise use of our forests. I recommend to the Governors of the several States that they likewise designate this week for special observance, and that where practicable and not in conflict with law or custom, Arbor Day be observed on some day of the same week. I urge that in each State special exercises be held in the schools and that the press and the general public give consideration to the forest needs of their respective Commonwealths, to the adequacy of such legislation as may be on their statute books and to the possible need for further enactments. And I urge that all who own forest lands give consideration to the feasibility of so using them that their benefits may continue in perpetuity."

"In Witness Whereof I have hereunto set my hand and caused the seal of the United States to be affixed."

AN ANNUAL CALL

American Forest Week is an annual call to all citizens young and old, to take part in bringing about better forest conditions. It is strictly and wholly educational in its plan and purposes. It aims to bring home to each and all our vital dependence upon the forest in everyday life, and to enlist thoughtful attention upon the forest situation and the necessity of well-cared-for woodlands. It represents a national educational effort to focus attention upon our nation's dwindling forest resources and to restore and perpetuate them.

American Forest Week is an annual call to all citizens young and old, to take part in bringing about better forest conditions. It is strictly and wholly educational in its plan and purposes. It aims to bring home to each and all our vital dependence upon the forest in everyday life, and to enlist thoughtful attention upon the forest situation and the necessity of well-cared-for woodlands. It represents a national educational effort to focus attention upon our nation's dwindling forest resources and to restore and perpetuate them.

EVERGREENS

There could be no more fitting way to celebrate American Forest Week than by planting evergreens.

We can supply any number of matched trees from a few to a magnificent grove. Plant several trees each year.

OUR EXPERTS ARE GLAD TO ASSIST YOU IN LANDSCAPING OR PLANNING YOUR SPRING GARDEN.

OUR TREES

You have heard much about depleted forests, scarcity of good White Pine, etc. We know that a quarter of a century ago Pennsylvania supplied most of its own lumber requirements, as well as shipping some into her sister States. Today we are importing from other States most of the lumber we use; but, thanks to the persistence of some of our good citizens, have undertaken conservation as well as reforestation.

By following this definite lead, long before the present stand of virgin timber in the Far Northwest is completely exhausted, we will be fairly well fixed with our own supply.

Forests are of far more value than the lumber they produce. They protect your water supply, a vital question right now; provide a harbor for game, check spring flood conditions, and create a playground for our boys—big and little.

The average lumber yard today carries in stock lumber from all points of North America, practically double the kinds carried twenty years ago. If you are personally interested in these comparisons, let us show you a number of these items.

Future Lumber Supply

How will our grandchildren obtain lumber for commercial uses, for paper and pulp, and all the allied industries? The Eastern States are working rapidly to build up areas of new forests to care for that future demand. In New York and Pennsylvania there are more than 3,000,000 acres under reforestation. In addition to this many of our altruistic citizens are planting evergreens and other forest trees on their private estates for reforestation purposes.

The renewed interest in all matters of conservation and reforestation is perhaps particularly marked in this Main Line section, where our people have sufficient leisure to consider the needs of future generations and to prepare for them. Nature does not automatically replenish her gifts to mankind without some encouragement, and it is up to us to encourage her by expending unselfish efforts to provide for those to come.

Many States are now adopting a taxation policy on timberland which only taxes the timber as a crop when harvested, rather than an annual tax which discourages the owner from refraining from felling his trees prematurely.

There is a certain innate goodness and altruism in such conservation measures that should make us support them to the limit of our ability.

THE FIRESIDE

James B. Diven, son of J. Barry Diven, formerly of Narberth, will be among the students who will take part in the sixth biennial historical pageant of the University of Pennsylvania School of Fine Arts, which will be held on the Pennsylvania campus on Friday evening, April 22. Diven is a freshman in the architectural course of the University, and is a member of Phi Kappa Psi Fraternity.

The Iota Tau Sigma Sorority will give a dance tonight at the Women's Club in Ardmore. Sid Coleman's Orchestra will furnish the music.

Marie Louise Wentz, daughter of Mr. and Mrs. Walton M. Wentz, Wayne avenue, is at the Hahnemann Hospital, where she underwent an operation for appendicitis.

Mr. and Mrs. Walter O'Sullivan, of 512 Brookhurst avenue, are receiving congratulations upon the birth of a son, James Warren, on April 9th.

Dunstan Smith, Jr., of Woodside avenue, with his friend Neal Rothacker, of Wynnewood, is spending the week-end at Avalon with Mrs. Rothacker, while Mr. Dunstan Smith, Sr., is traveling through the Great Lakes and the West.

Mr. R. S. Touhill spent the past week-end on a motor trip to Wilkes-Barre.

WILL SELL CAKES

The Sub-Juniors of the Woman's Community Club will give a cake sale Saturday, April 30, at Dando's, commencing at 9.30.

The Longer the Better.

A great engineering feat was railroad tunnel and aqueduct piercing the Continental Divide in Colorado was completed. We leave the rejoicing over this accomplishment to the engineers. The only good we have ever seen in a tunnel is taking a pretty girl through it, and there are longer tunnels in Europe.

????????????????

Question

Why go to Philadelphia for a new or re-roof job when we compete with Philadelphia every day?

Why give the re-roof job to the out-of-town concern when you can have a Narberth roofer at home? We do all small jobs of repairing—also large jobs.

Will the out-of-town concern call cheerfully to do the \$3.00 job? Why give them the \$300.00 job?

Why did your Narberth roofer roof the new National Bank? The Merion Title & Trust Company? (Also the Public School in 1917?)

Answer—Our Prices and Work Are Right.

A SURPRISE

An automobile owner was surprised recently to note that we covered the fenders of his car with fender covers before working on the motor.

"Why do you do that?" he asked.

"To prevent grease from dripping on the fender while our mechanic bends over it, and to keep it from getting scratched if a tool should happen to be laid on it."

"Well, you're the first repair man I've ever known to be so careful," said the motorist.

Our service charge covers repair work that is done right.

We specialize in brake lining and repair work of all kinds.

Church Notes

Baptist Church of the Evangel.
Robert E. Keighton, Minister.
Services for the week of April 24:
Sunday, April 24:
9.45 A. M.—Church school.
11 A. M.—Morning worship; sermon, "Now Who Won?" An after-Easter sermon.

7 P. M.—Young people's devotional hour in the church.

7.45 P. M.—Evening worship; sermon, "The Unappropriated Resurrection." What difference does Easter make?

Wednesday, April 27, 8 P. M.—Covenant prayer service; topic, "Faith Through Communion."

Friday, April 29, 7.30 P. M.—Young people's social evening in the church.

The Presbyterian Church
Rev. John Van Ness, M.A., Minister.
Meetings for April 24:
9.30 A. M.—Bible school; all departments.

11 A. M.—Morning worship; sermon theme, "Overcoming the World."

11 A. M.—The Junior Church, under the direction of Mrs. A. S. Digby.

6.45 P. M.—Senior Endeavor meeting.

7 P. M.—Junior Endeavor meeting.

7.45 P. M.—Evening worship; sermon theme, "The Upper and Nether Springs."

Teachers' meeting for the study of the Sunday school lesson, on Monday night. Leader, Miss Harrison.

The annual congregational meeting will be held next Wednesday evening.

A. C. Shand will preside. There will be financial reports of the year's work from all the societies and church boards. This will be followed by the election of trustees.

Easter day was one long to be remembered in this church. From the sunrise prayer meeting to the last echo of the evening service the meetings were most enthusiastic and encouraging.

The attendance at morning worship was 417, and in the evening 218 were present. The appeal of the trustees for \$1500 to meet interest charges was most generously met by an offering of \$1782 for this purpose, which, in addition to the amounts given to current expenses and benevolent objects, makes a grand total of actual contributions for the day of \$2214.

Narberth Methodist Episcopal Church

Rev. W. Sheridan Dawson, Minister.
Sunday, April 24:

9.45 A. M.—Bible school; Hon. Fletcher W. Stites, superintendent.

11 A. M.—Morning worship; theme, "The Rent Veil."

6.45 P. M.—Epworth League devotional meeting.

7.45 P. M.—Evening worship; theme, "Leaving Our First Love."

Monday, business and social meeting of the Epworth League, at 8 P. M.

Teachers' training class will meet on Wednesday at 7.30 P. M.

Prayer and praise service on Wednesday, at 8 o'clock.

The Good Fellowship Club will entertain the ladies of the church on Thursday evening, April 28, at 8 o'clock. Rev. W. J. Downing, of Chester, Pa., will be the speaker. His theme will be "Edgar Guest and His Poetry."

The Men's Council of the Methodist Episcopal Church of the Philadelphia Area will be held in Findley Temple, Broad and Fitzwater streets, April 27, 28 and 29. On Wednesday evening the speakers will be Hon. William E. Sweet and Bishop McDowell; Thursday, E. Dow Bancroft, Charles E. Jefferson, Hon. Frank B. Willis, Lorenzo King, Hon. Pat M. Neff and S. Parks Cadman; Friday, Ralph Connor, W. S. Boyard, Bishop Berry, Edward A. Stiner, Charles E. Brown and Merton S. Rice.

FIRST CHURCH OF CHRIST SCIENTIST

Ardmore Avenue, Ardmore.

11 A. M.—Sunday services.

11 A. M.—Sunday school services.

Wednesday evening, at 8 o'clock—Testimonial meeting.

Reading room, 19 West Lancaster avenue, each weekday, 10.30 to 4.30 P. M.

The subject of the Bible lesson sermon for Sunday, April 24, is "Probation After Death."

ALL SAINTS' CHURCH

Wynnewood, Pa.

Rector, Rev. Gibson Bell.

8 A. M.—Holy communion.

10 A. M.—Church school.

11 A. M.—Morning prayer and sermon by the rector. Anthem, "Hallelujah Chorus"; Te Deum, Canalyon, D flat; Jubilate, Willan, B flat. Choir of 40 voices.

7 P. M.—Young people's fellowship.

GIRL SCOUT NEWS

Conducted by Mrs. Victor I. Zelov.

The Girl Scouts have been asked to help promote "Better Home Week" by showing what can be done at the Little House at the Sesquicentennial to demonstrate home-making. The Little House will be open to the public on Saturday, April 30, from 10 until 2 P. M., and headquarters would like volunteer hostesses to be present on that day.

The "Will Livelong" Safety Campaign now being conducted in Philadelphia by a number of civic bodies, with which the Girl Scouts are co-operating, aims to teach good accident prevention habits. Although it will only be conducted through the month of April, its effect will be lasting. We should talk safety continually during this month. Tell our younger brothers and sisters how to avoid injuries, and begin ourselves to correct our bad safety habits. This is a commendable movement and it is certainly close to the ideals of the Girl Scouts of America. Headquarters suggests that leaders hold an informal "Safety Night" sometime during the month of April. Have some Girl Scout give a short talk on safety, and then have your girls discuss some of the "narrow escapes" they have had, and suggest ways in which such happenings could have been avoided.

Overbrook Troop No. 12, Miss Jane Newhall, captain, Nancy Harris, scribe, reports that plans are being made for the painting of the scout house which was recently given the troop by Mrs. W. Logan MacCoy, of Overbrook. The entire troop will join in the painting and expect to be ready for a house-warming party for their mothers the early part of May. The house has a living room, dining room, bed room and hall. At the "Welcome Home" party which the troop gave their captain a few weeks ago on her return from a month's trip to the West Indies, the troop buglers surprised her with their new accomplishments, opening the party with "Assembly" and closing with "Taps." Charades were acted, each patrol representing a word until they had the sentence "Welcome Newhall's return again." The troop is buying an American flag with its troop funds and Mr. MacCoy has offered the gift of a troop flag.

Haverford Junior Troop, Mrs. Greer, captain, Mrs. Landell, lieutenant, met last Thursday at the home of Anne Dyer, in Ardmore, and passed off their bed-making test, which is one of the second class requirements. The table-setting test was passed at their meeting last week. These Haverford Juniors, numbering 10, were formerly the Haverford Brownie Pack, under the leadership of Miss Julia Williamson, Philadelphia scout director. Having attained the scout age of 10 years, they "flew up" and became Girl Scouts last January. In March, they all became Tenderfoot Scouts at impressive ceremonies, and now are becoming second class scouts.

The "Old Girls" will meet April 22, at 4.30 at the Narberth Scout House for a scout hike. They will bring their supper with them and picnic on the way. Any "Old Girls" who would like more information may call Ruth Hopkins, Narberth.

The bugle corps of District No. 8 will meet April 23 at the Narberth Scout House. Beginners with bugles are welcome to come.

DOGS INCREASE

State Active in Rounding Up License Law Violators.

The licensed dog population of Montgomery county was 10,749 on March 1, a total of 1451 more than for the same period in 1926. A total of 15,574 licenses were issued last year.

More attention is being given by dog owners this year to the State dog law which requires that all dogs be licensed and carry a license tag on or before January 15 each year. The dog law enforcing officials of the Bureau of Animal Industry, State Department of Agriculture, have been busy rounding up unlicensed dogs and expect to continue the drive against violators of the law until every community in the State is visited.

More than 1800 Pennsylvanians have been prosecuted so far this year for not having their dogs properly licensed.

Moth Eaten

Some of your expensive furs may be so labeled by the end of summer unless you arrange now to give them the home they require.

For many years Aromatic Red Cedar has been looked upon as the desirable kind of wood for lining storage closets. After all, one of the secrets of a moth-proof closet is one tightly constructed.

By using tongued and grooved boards 3/8 inches thick by 3 1/4 inches wide you can make, or have made, a very acceptable addition to your home comforts. You may also test your ability with tools by making a Cedar Chest similar to the cut shown in one of our previous ads.

Make it a habit to ask us questions about lumber and its uses.

*If you have re-
cently become
a parent~*

How can you assure, today, in your
present financial condition, at least
some of the advantages you have in mind
for your child?

Your child may no longer be an infant but
the problem may be yours, just the same.
A chapter in our new booklet, "Proved
Plans for Solving Estate Problems," tells
how two men successfully met similar situ-
ations through the use of Trust services.
This booklet may give you some helpful
ideas. It will be sent free upon request.

This booklet also contains solutions of
other similar financial and business prob-
lems affecting both the individual and his
or her dependents.

Perhaps you would like to confer with us as to
how our Trust services might help you solve
some particular problem pertaining to your
estate. We cordially invite you to do so—in
confidence, of course, and without expense or
obligation to you.

Echoes of The News

Society Item: Gloria Swanson is back in Hollywood. Mr. Swanson accompanied her there.

Seems like the coming summer is going to be fairly comfortable for the flappers. Fashion writers are talking about "kerchief frocks to be worn only on the left shoulder."

They've caught a "baby bandit" in Georgia, proving children are taking a more active part in the doings of the day.

One of the difficulties of a King is dying. One day Ferdinand is reported to have received the last sacrament, while the next it is announced that he has not even been seriously ill.

A good many newspapers are publishing extracts from the Bible, which must be live news to a lot of their readers.

The garden experts urge everyone to plant something this spring. The get-rich-quick suckers, anyway, are planting a good deal of cash in worthless stocks.

The Christian Science Monitor suggests training schools for janitors. For one thing, they might be taught to read a thermometer.

Word comes from Alabama of a young father who has thus far been blessed with three annual sets of twins. Show us a young man so blest and we'll show you one who will settle down and attend to business.

Says a headline: "Bootleggers Must File Returns for Income Tax." All bootleggers will please form a line to the right, march up, explain their profession, and fork over.

"Assassination can be produced in China for \$10," says a paragrapher, but Chicago offers better rates.

That man Sapiro may be pretty smart, but it is our guess that if he succeeds in getting any of Henry Ford's money he will have to go some.

Anyway, the point seems to be established that Sunday golf playing in South Carolina is more criminal than the lynching of Negroes.

The people who are put on committees to work for local organizations and public movements, should realize that they have something to do besides seeing their names printed in the newspaper.

The Democrats would seem to have about everything in their favor to win the next Presidential fight, except, perhaps, the man to make the race.

As we understand Senator Reed, the well-known Missouri attorney, he has been endeavoring to take the sap out of Sapiro.

A workman on a New York sky-scraper fell 27 stories the other day and lived. Once again we are reminded that the greater part of the human race doesn't live up to its possibilities.

Among other things we are tired of seeing editorial headlines about Babe Ruth's \$75,000 a year. He's worth every dime of it.

Will Hayes will give a tenth of his wealth to the church. When we land a \$100,000-a-year job like his we'll be tempted to follow his example.

(Copyright, 1927)

WINS \$25 PRIZE

Drives Whippet Car 34.2 Miles to the Gallon.

The results of the "Drive the Whippet Contest" held last week by Lewis-McCain, Inc., were as follows:

First, John L. Stainton, 34.2 miles per gallon; second, Edward A. Gillespie, 33.6 miles; third, Miss Humpton, 131 Coulter avenue, 32.8 miles. The course was along Montgomery Pike from the Wynnewood line as far west as one pint of gasoline carried each contestant.

Have you
ever made
good on
one job..
for 39 years?

THE extra mileage you get from Dunlop tires starts with the fact that Dunlop has had thirty-nine years of tire-building experience—more than any other tire-maker.

Each part of each Dunlop is built right. Dunlop owns its own cotton mills to spin selected long-fibre cotton into the special Dunlop cable-twist cords.

These cords mean extra strength—an added factor of safety against constant load and pounding of roads—longer life and greater mileage.

They mean extra "stretch"—so the tire carcass will give under blows, and come back to its original shape without the slightest injury.

Every Dunlop you buy has extra miles built into it because Dunlop knows each part of its job. That is why we recommend you put Dunlops on your car.

Spring Demand for Poetry

There has been an even greater demand than usual this spring at the Library for the works of the modern poets, while at the same time it has been an unusual season for the number of volumes of poetry published. Edna St. Vincent Millay's "The King's Henchman"; Sara Teasdale's "Dark of the Moon"; "The Selected Poems of Lizette Woodworth Reese"; "What the Queen Said," by Stoddard King, are some of the new books added to the already good collections of poetry on the shelves.

Recently two collections by Edgar A. Guest, familiarly known as "the people's poet," were purchased and added to the Library. These two volumes are "Just Folks," one of the early collections, and "Light of Faith," a collection published last year. All persons who heard the Rev. Wm. J. Downing at the Methodist Church last week will be interested to read or to re-read these poems.

A volume of poetry worth watching for, but delayed in the publication, is "Tristram," by Edwin Arlington Robinson. All lovers of poetry are anticipating this volume from the pen of one who is without a peer in the poetic world of today. The Library will be glad to make special announcement of this volume as soon as it appears.

PROTEST IN ABEYANCE

CONTINUED FROM THE FIRST PAGE

thoroughly outlined in the first announcement.

"Suppose," said Mr. Kelly, "the entire population were brought to the brink of a great precipice. Would it not be a friendly act if they were directed away from it over the safe land whence they came? That is exactly the point of 'Fabricated Faces.' We do not claim that the women are all to blame for the sorry situation all about us. Like the rest of us, they are the victims of circumstances, but these circumstances are not as insuperable as they might appear to be. The whole race needs rescue and the minstrels are going to rescue it.

"Take myself, for instance, and the reputation I enjoy as a quiet, conservative man. Do these socks I am wearing bear out that impression of me? Do you notice the variation of high colors and the myriad hued stripes? How do you think I got that way? Do you believe I would buy such things of my own accord? And yet I bought them myself, not my wife. What, then, is the answer? Simply that I have been caught in the meshes of the mental desuetude all about us. Everybody is floundering around it, everybody is in its toils.

"Now, take Bridge as another instance. That is supposed to make you think, isn't it? That's its only reason for existence if we believe the half of what is told us. And yet, so that the players won't have to think any more, they buy books on how to play and listen to Work every time he talks over the radio. We must get back to first principles. We must isolate the dangers and then seek to correct them. If I tell you you are sick, I have done my part. After that it is up to the doctor.

"Do you think we would ever have had a liquor problem if these fundamentals had been properly recognized? Does Rudolph have a liquor problem? He does not. Does he have a beauty problem? Not so as you could notice it. Isn't it plain, then, I ask you, just what the trouble is and where the remedy lies?

"Is not this presentation of 'Fabricated Faces' a real contribution to the civic weal and won't every borough resident profit by what these minstrel men will have to offer? Why, the answer is a thundering 'Yes!' and the most cheering news one could possibly hear of the national recovery is the fact that the tickets are selling so extraordinarily fast."

This is the way things stand as Our Town went to press and apparently the only thing left for the populace to do is to go en masse to one or the other of the two performances, Wednesday and Thursday evenings, April 27 and 28, in St. Margaret's Hall, because to miss such an occasion would mean that dark days had surely come and that life indeed had lost its zest.

Temperature deficiency since April 1 is 55 degrees, and for the same period last year, 34 degrees.

SPRING SPORTS AT LOWER MERION HIGH SCHOOL

Only Two Track Letter Men Left. Tennis Teams Lose Twice.

Outdoor athletics have commenced at Lower Merion High School. Track and tennis are both under way.

The Lower Merion track team, scheduled to begin its season with Williamson Trade School, was surprised to receive a letter of cancellation, with no explanation. A hurried attempt is being made to substitute the Villanova College track team. The Williamson meet was to have been held tomorrow afternoon.

Haverford school will meet Lower Merion Tuesday afternoon, at Haverford, in a strongly-contested encounter. Much rivalry has grown between the institutions. Haverford is the heavy favorite of the meet, having many veterans left from last season.

The discus, javelin, half mile, quarter mile and high hurdle events are to be eliminated. A one-mile relay race will take the place of the usual quarter mile event.

Two Letter Men Left.

Captain Frank Houseman, of Cynwyd, star dash man and broad jumper, and Bob Carrigan, a Junior, are the only letter men left from last season. James Smyth, a veteran quarter and half miler; Richmond Berry, star quarter miler and dash man of the State championship team of last year, and Wendell Stewart, star hurdler and high jumper of last season, are all ineligible, due to the P. I. A. A. eight-semester ruling which holds good throughout all high school sports.

The team, however, looks forward to a good season, despite the loss of the three letter men. Spirit has made more than good the loss, and the material, though young and inexperienced, shows much promise for the future.

Trials are being made for Penn relay berths. Those who have shown relay promise are Captain Frank Houseman, Baker, H. Hand, Speakman, Deubler, Gerenbeck and Dockins.

Lower Merion drew the pole for the suburban relay championship race at the Penn relays, according to an announcement made Wednesday.

Tennis opened with favorable weather, but has suffered two losses to the sturdiest of Lower Merion's opponents. Penn Charter won the first match 4 to 1, and Lansdowne won by the same score. Both teams are the strongest in the vicinity.

Cook, tennis captain, hopes for better results in the future. His squad includes Veterback, Carl Zipperlin, his brother Hal, H. Ball, Prokosh and Fricke.

ELEPHANTS LOSE

The Elephants lost their second game of the season to the Eagles by the score of 10-9. The Elephants tied the score in the ninth, but lost the game in the last half when Powell threw to first base instead of home. The box score:

ELEPHANTS

STATE FORESTS

The State forests of Pennsylvania are located chiefly in the mountainous parts of the State, where most of the land is adapted primarily to the raising of successive crops of forest trees. The accompanying table gives the acreage of the State forests in each of the 29 counties in which forest land owned by the State is located:

County	Area (Acres)
Adams	20,887
Bedford	10,756
Cameron	83,055
Carbon	436
Center	79,388
Clearfield	65,069
Clinton	143,829
Cumberland	21,720
Dauphin	3,808
Elk	22,767
Franklin	34,878
Fulton	6,396
Huntingdon	62,431
Jefferson	5,681
Juniata	3,534
Lackawanna	5,275
Luzerne	11
Lycoming	104,721
Mifflin	50,982
Monroe	6,400
Perry	29,468
Pike	58,370
Potter	158,785
Snyder	20,320
Somerset	6,198
Tioga	67,069
Union	54,193
Westmoreland	5,065
Wyoming	1,177
Total	1,132,660

TOWERS INDISPENSABLE

There are now 116 forest fire towers in Pennsylvania. These towers stand on high places in all parts of the State, and are indispensable in the detecting and reporting of forest fires. They are connected with the headquarters of foresters and forest rangers by 744 miles of telephone line. These permanent improvements are a big factor in helping the forest fire fighting organization do its work efficiently.

Of the 116 towers in the State, 111 are of steel construction, three are wooden and two are classed as bare knob lookouts. Most of the steel towers are 60 feet high and on their top carry a lookout cabin where the forest fire observer is stationed during the spring and fall fire seasons.

MILLER ILL

Lieutenant Albert Miller, of the Lower Merion police force, was taken ill with ptomaine poisoning Monday. He is reported to be recovering rapidly.

As a real estate proposition a haunted house hasn't the ghost of a show.

NARBERTH FOLKS

By C. H. Crane

Loving consideration leads many here. The desire to please her—the plan to please him brings folks to this family drug store. Things at pleasing prices to patch up a quarrel or an abrasion.

C. H. CRANE, Drugs
Narberth and Haverford Avenues
NARBERTH 1620

"I KNOW JOHN"

When your mail box groans under the weight of messages from out-of-town carpenters, painters, roofers, coal men, tailors, plumbers—asking for your patronage on some plea of better service at lower prices, ask yourself if you know the men.

Can you go to a cut-price mechanic from out-of-town and say: "Do this job and send me the bill?" Of course not, for the stranger does not know you and has no reason to want your respect. Your neighbor has. If he is a stranger to you now, he will be a friend when you meet him.

Don't be fooled. When work must be done, look at the list of Narberth business men and say: "This circular says the city man is cheaper. Maybe—but I know John."
